TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Mr. Saket Sontakke**, a student of B.Tech in Computer Science and Engineering at Dr. Vishwanath Karad MIT World Peace University, Pune, has successfully completed his internship at the Centre for Educational Technology (CET), Indian Institute of Technology Bombay.

He worked under my supervision from **June 12, 2025** to **December 12, 2025** on full stack development project and gesture analysis.

Saket demonstrated his technical and professional skills from the start, understanding the project requirements and delivering the system that met our expectations. Saket collaborated with research scholars at IITB and developed research tools that support qualitative research. The research tool developed by Saket has been demonstrated at ICCE 2025 and T4E 2025, held at IIT Madras.

We wish him all the best for his future endeavours.

Sincerely,

Ramkumar Rajendran  
Associate Professor,
